Summary

Pursuant to House Rule X, clause 6, the Committee on House Administration reports an omnibus, biennial “primary expense resolution” to cover the expenses of each standing and select committee, except the Appropriations Committee. The resolution is based, in part, on committee requests for funds to cover their necessary expenses for the two years of a Congress.

This report provides committee funding requests and authorizations as adopted pursuant to primary expense authorizations for House committees in the 104th through 115th Congresses. For further information on the committee funding process, see CRS Report R42778, *House Committee Funding: Description of Process and Analysis of Disbursements*, by Matthew Glassman.

House Committee Funding Process

Pursuant to House Rule X, clause 6, the Committee on House Administration (CHA) reports an omnibus, biennial “primary expense resolution” to cover the expenses of each standing and select committee, except the Appropriations Committee.¹ The resolution is based in part on committee requests for funds to cover their necessary expenses for the two years of a Congress. The budgetary requests include estimated salary needs for staff, costs of consulting services, printing costs, office equipment and supply costs, and travel costs for committee members and staff. Some costs, such as pension and insurance contributions for committee employees, are paid from other appropriated funds, and are excluded from committee budgets.

Some committees discuss and approve their proposed budgets at committee organization meetings. Committee chairs normally introduce House resolutions to provide their committees with the requisite funds for the two years of the Congress. These individual resolutions are then referred to the Committee on House Administration, which holds public hearings on each committee’s request. The chair and the ranking minority member from each committee typically testify at these hearings.²

The chair of CHA then typically introduces an omnibus funding resolution, which, after its referral to the CHA, typically serves as the legislative vehicle for a full committee markup. The measure is then considered by the House.

Table 1 provides the requested and authorized levels of funding for committees for the 115th Congress. **Table 2** through **Table 12** provide committee funding requests and primary expense resolution authorizations in nominal dollars for House committees in the 104th-114th Congresses. **Table 13** through **Table 23** provide the authorization levels, calculated in constant (January 2017) dollars, for the 104th through 114th Congresses. All tables calculate the absolute and percentage differences between the total requested and the total authorized funding levels.

¹ P.L. 79-601, Legislative Reorganization Act of 1946, Section 202(b), 60 Stat. 834, grants the Committee on Appropriations authorization to appropriate funds for its own activities.

Source: Data taken from individual committee funding resolutions introduced in the House for the 112th Congress (2011-2012), H.Res. 147, H.Res. 496. H.Res. 147 was the primary expense resolution. H.Res. 496 (agreed to 2/1/12), however, reduced total amounts authorized and 2nd session amounts authorized. Prior to agreement on H.Res. 496, "Authorization" and "2nd Session" were identical to "Request" and "2nd session" request. Amounts rounded to nearest dollar.

Learn how Capitol Hill really works

All of our programs and any combination of their topics can be tailored for on-site training for your organization.

For more than 40 years, TheCapitol.Net and its predecessor, Congressional Quarterly Executive Conferences, have been teaching professionals from government, military, business, and NGOs about the dynamics and operations of the legislative and executive branches and how to work with them.

Our custom, on-site training and publications include congressional operations, legislative and budget process, communication and advocacy, media and public relations, research, testifying before Congress, legislative drafting, critical thinking and writing, and more.

- **Diverse Client Base**—We have tailored hundreds of custom on-site training programs for Congress, numerous agencies in all federal departments, the military, law firms, lobbying firms, unions, think tanks and NGOs, foreign delegations, associations and corporations, delivering exceptional insight into how Washington works.™
- **Experienced Program Design and Delivery**—We have designed and delivered hundreds of custom programs covering congressional/legislative operations, budget process, media training, writing skills, legislative drafting, advocacy, research, testifying before Congress, grassroots, and more.
- **Professional Materials**—We provide training materials and publications that show how Washington works. Our publications are designed both as course materials and as invaluable reference tools.
- **Large Team of Experienced Faculty**—More than 150 faculty members provide independent subject matter expertise. Each program is designed using the best faculty member for each session.
- **Non-Partisan**—TheCapitol.Net is non-partisan.
- **GSA Schedule**—TheCapitol.Net is on the GSA Schedule, 874-4, for custom on-site training: GSA Contract GS02F0192X.

Please see our Capability Statement on our web site at TCNCS.com.

Custom training programs are designed to meet your educational and training goals, each led by independent subject-matter experts best qualified to help you reach your educational objectives and align with your audience.

As part of your custom program, we can also provide classroom space, breaks and meals, receptions, tours, and online registration and individual attendee billing services.

For more information about custom on-site training for your organization, please see our web site: TCNCustom.com or call us: 202-678-1600, ext 115.
